Professional Experience: Remote

May 2026 - PRESENT

Frontend Web Developer — Wura Stitches

Fashion & Tailoring E-commerce Website

- Developed a responsive fashion e-commerce website using **HTML, CSS, and JavaScript**, delivering a professional digital storefront optimized for desktop and mobile users.
- Built **3+ core customer-facing functions**, including service/product presentation, online order submission, and automated order notification.
- Implemented an **automated email notification system** that alerts the business owner whenever an order is submitted, improving order visibility and reducing reliance on manual communication.
- Designed a streamlined ordering experience that gives customers a direct online channel to interact with the brand and submit orders, creating an additional avenue for customer acquisition and potential sales.
- Managed the project using **GitHub** for version control and code management, gaining practical experience delivering a functional business solution from development through deployment.

Frontend Web Developer — JEOLPRISTINE

Corporate Management & Community Services Website

- Designed and developed a multi-sector corporate website showcasing **5 core directorates**: Education, Health, Food, Events and Fashion, organizing the company's services into an accessible digital platform.
- Built a responsive, user-friendly interface with structured navigation, dedicated service sections, company information and leadership profiles to improve how visitors explore the organization.
- Implemented interactive features, including a **consultation request form, newsletter subscription and contact options**, providing multiple channels for prospective clients and community members to connect with the organization.
- Developed a comprehensive service and community showcase featuring professional offerings, project areas, partnerships and community initiatives, strengthening the organization's digital presentation.
- Delivered a centralized online platform that supports service discovery, client inquiries and community engagement, gaining practical experience in developing business-focused web solutions, user interface design and website deployment.

Graphic Designer | Business Card Design

Tools: Adobe Photoshop

Designed a professional, double-sided business card for Fhife Jewels & Fragrances using Adobe Photoshop, creating a luxurious visual identity that reflects the brand's focus on fine jewellery, premium fragrances and luxury accessories.

- **Brand Identity & Visual Design:** Developed a sophisticated black-and-gold design that communicates elegance, exclusivity and luxury while maintaining a consistent brand appearance.
- **Professional Layout & Composition:** Designed both the front and back of the business card, incorporating the brand logo, typography, decorative elements and carefully arranged contact information for a polished and visually balanced presentation.
- **Customer Accessibility:** Integrated essential business details, including phone numbers, Instagram handle, email address and physical location, making it easier for prospective customers to reach the business.
- **Digital Engagement:** Incorporated a QR code to provide customers with an additional way to access the business's digital information and improve customer convenience.
- **Marketing & Brand Awareness:** Created a portable marketing asset that enables the business to share its identity and contact information during customer interactions, networking and promotional activities.
- **Customer Experience:** Focused on readability, visual appeal and organized information placement to help customers quickly identify the brand and access relevant business details.

Value Delivered: Provided Fhife Jewels & Fragrances with a professional branding and marketing tool that strengthens its visual presentation, improves accessibility to business information and supports brand recognition. The design gives the business a consistent, luxury-oriented appearance across customer interactions and creates opportunities for further customer engagement and business promotion.
